

AIRMED ANNOUNCES A TURN-KEY SEED-TO-SALE SOLUTION FOR MICRO PRODUCERS

February 8, 2019: AirMed announces a turn-key seed-to-sale solution for micro producers in Canada.

To help our clients cultivate success, AirMed is developing strategic partnerships with leading vendors of products and services in the Canadian cannabis industry. We've partnered with the best in the industry including compliance consultants, hardware manufacturers, telecommunications and delivery services.

The AirMed Ecosystem provides a turn-key solution with integrated hardware and software to help producers become more productive and profitable. From pathogen detection and environmental analytics through barcoding and label printing to ecommerce and delivery, the AirMed Ecosystem provides the best the industry has to offer for your cannabis business.

If you are a licensed producer or cultivator, visit our partnering page to find out more about what we offer and the awesome companies we've partnered with: [AirMed Ecosystem](#)

If you provide a complementary product or service in the cannabis industry and would like to collaborate with AirMed, click here for a form to request a conversation with a partnering representative: [Partner Form](#)
